- JavaScript
- React.js
- React Native
- Java (Android Development)
- PHP
- Figma
- Git / Github

LANGUAGES

- Amharic (Native)
- English(Fluent)

SOCIAL MEDIA

- LinkedIn
- GitHub

PROFILE

- I am a fourth-year Computer Science student at St. Mary's University with a strong background in programming and software development. I have hands-on experience with JavaScript, React, React Native, Java, and Android Studio. I am currently working on an e-commerce mobile app and developing an e-commerce system in Ethiopia. I am also working on projects such as a rental platform and an e-commerce site for an import/export company. I am looking for an internship where I can apply my skills, gain real-world experience, and grow as a developer.

EXPERIENCE

E-commerce App for Import and Export Company | 03/2025 – Present
icare
- **Created an online platform tailored for import-export business needs.**

Group Project | 12/2024 – Present
